The Board of the Family Visions, Inc. believes that the adoption of policies is the most important function, and that the execution of the policies should be the function of the Executive Director, with the aid of the Administrative Personnel.

Delegation by the Board of its executive powers to the Executive Director provides freedom for the Executive Director to manage the agency within the Board's policies, and frees the Board to devote its time to policy making and appraisal functions.

The Board holds the Executive Director responsible for carrying out its policies within established guidelines and for keeping the Board informed about agency operations. In order to keep the Board informed, the Executive Director will report to Board Members at regular meetings and notify Board members as promptly as possible of any happenings of an emergency nature that occur within the agency.
